Dear colleagues,

חברים יקרים,

We are pleased to forward to you the program for the forthcoming annual conference of the Israel Radiological Association to be held at the "Dan Hotel", Eilat, Israel, October 31, until November 2, 2007.

As in the past years we will host the members of the Israeli-French Association AFIIM.

The program will include the format integrated at previous conferences - including a pre-conference refresher course: Emergency Radiology, on Wednesday October 31st from 12:00-17:00.

Our Annual Guest Lecturers of 2007 will be Professor Maximilian Reiser, President of ECR 2008, Professor Richard Gore from Chicago USA, Professor Jean-Louis Sablayrolle from Paris and Prof. Mark Schweitzer from N.Y.

All lectures, scientific communications and posters will be held in English for the convenience of the international forum of attendees.

As in the past conferences we shall dedicate the "Michal Meidan" award to the best resident lecture. There will be also a prize for the Quiz solver.

We are going to continue our traditional collaboration with the hi-tech imaging industry. These companies will display, as always, the most recent technological innovations.

אנו שמחים ומתכבדים להעביר אליכם את תוכנית הכנס השנתי של איגוד הרדיולוגים לשנת 2007, שיתקיים בין התאריכים 31 באוקטובר - 2 בנובמבר 2007 ימים רביעי - שישי, במלון "דן אילת".
